## Comments

- 1)I have been responsible for a number of User Stories where i have worked independently or working with the Team Lead Closely such as Accums Story.
- 2) I also worked on one of the complex Job Claims GL for the APG and Short Term Multiple Times and Also on Weekend as there was a code change during the Last week of Go-Live of APG.
- 3)I joined UHOne this year itself and came from infrastructure Backgroud with no prior knowledge of Talend. few months was a tough challenge for me but now i have made myself independent and do have a good knowledge on Claims Processing And Accums Process.
- 4) For NDC Jobs, which got failed at production during the first Run and even after 2-3 months. I was responsible to fix that in a single day and report the issue to the business as they were not placing up the file correctly at correct Location

**Relationship Value: Communicate Effectively**

## Description

- Speak and Write Clearly
- Listen Actively
- Influence Others

Because we work in highly diverse, complex, multi-functional teams, we're at our best when we build relationships in ways that create trust. As we engage with one another to build and maintain productive relationships, we need to continually share information, ideas and resources within and across teams. Regardless of the pace, intensity or urgency we may encounter in specific situations, we always communicate with respect and humility as well as confidence and energy. We confront issues, not people.

**Innovation Value: Support Change and Innovation**

## Description

- Work Effectively in a Changing Environment
- Contribute Innovative Ideas

Our success within a dynamic and fast-paced marketplace depends on our ability to invent the future as we learn from the past. It requires an innovative mindset that involves respectfully challenging the way things are done as well as having the curiosity and courage to develop new ideas. We are curious and not afraid to fail in honest efforts to focus on practical and purposeful innovation that builds value. We recognize the impact that innovation has beyond our products or services, and how it can enhance the way we conduct business. It helps create positive, practical change to best serve our mission of helping

I Would Like to rate myself as 5 because I have been part of the development of every feature and gave my 100% contribution towards the development And Prod Deployment.i have worked on multiple complex Talend Jobs and also working to convert Mule Code into ETL Talend Jobs of Stepwise to avoid blocking. In addition to that I gave KT session to the New Joiners joined this Year as requested by Manas and tried to make them familiar with the UHOne Process.

I never refused to work given to me and have completed the work with 100% efficiency with the Time Frame and also try to know the business requirement in order to understand the reason of development which helped the team to understand thing from myself
