## AWARD MESSAGE

Thank you for demonstrating great leadership of the Scrum Development team. You have been instrumental in getting team to collaborate on the analysis, development, and quality assurance efforts in such an effective way. The production of working software coming from our team has been efficient and of high quality; and you are a major reason for that success. During both Program Increments we delivered on our commitments at the end of each sprint! I was very impressed and pleased in how you have taken charge and demanded excellence from the development team while grooming and refining the work. I am especially grateful for your dedication to helping other developers grow and mature in their skills. It's apparent that the entire team and program leadership values and respects your knowledge and leadership and I am very proud to the ScrumMaster of the team on which you are the Lead Developer. Great Work
